Subject

E10 Fuel Compatible Models - Updated

Revised – Discard the original published on 10/09/2010

KHI have tested and approved E10 fuel* for use in some motorcycle models as listed below.

KHI is continuing to test E10 fuel compatibility and will revise this service information as further models are approved.

Although some owner's manuals describe the fuel requirement differently, this service information supersedes the owner's manual description.

* E10 means fuel containing up to 10% ethanol as specified by European directive.

E10 Fuel Compatible Models

	Model	Model Year		Model	Model Year
1	KX65A/B	'00 - '11	21	ZR750N/P	'11
